EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Andrew N. Parfomak on 02/03/2006. The examiner contacted applicant's representative in order to clarify what was being claimed and to correct any 35 U.S.C. 112 2nd paragraph deficiencies.

The application has been amended as follows:

- 1.) In claim 1, line 2 "material;" has been changed to --material; a fan;--
- 2.) In claim 1, line 4 "air" has been changed to --air emitted from said fan and--,
- 3.) In claim 1, lines 6-7 "particles which chamber and; a fan" has been changed to --particles.—
- 4.) In claim 3, line 3 "which chamber" has been deleted.

The following is an examiner's statement of reasons for allowance: None of the prior art of record teaches or fairly suggest the claimed imitation flame air freshener device. Particularly, applicant claims among other things "an imitation flame being positioned such that it lies in the path of a flowing current of air emitted from said fan which transports the volatile air; said imitation flame being selected from a thin flexible

sheet and a chamber containing a plurality of finely divided particles" in independent claim 1. Claims 2-12 depend on claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
